About Fortress Paper

Fortress Paper operates internationally in two distinct business segments: dissolving pulp and security paper products. The Company operates its dissolving pulp business at the Fortress Specialty Cellulose Mill located in Canada, which has expanded into the renewable energy generation sector with the construction of a cogeneration facility and the production of NBHK pulp. The Company is also evaluating expanding its dissolving pulp capacity by converting the Fortress Global Cellulose Mill located at Lebel-sur-Quévillon, Québec into a dissolving pulp mill and re-starting the cogeneration facility. The Company operates its security paper products business at the Landqart Mill located in Switzerland, where it produces banknote, passport, visa and other brand protection and security papers, and at its high security production and research facility located in Canada, where it manufactures optically variable thin film material.
