**FORTRESS PAPER ANNOUNCES EQUIPMENT PURCHASE FOR ITS THURSO MILL**

VANCOUVER, British Columbia, June 7, 2010 – Fortress Paper Ltd. ("Fortress Paper" or the "Corporation") announces the signing of a purchase agreement by its wholly owned subsidiary, Fortress Specialty Cellulose Ltd. ("Fortress Specialty") with Stora Enso Oyi Cellulose Inc. to acquire digesters, specialized process equipment and other ancillary equipment to be used in the conversion of its Thurso mill to produce dissolving pulp.

The agreement provides for a purchase price of Euro 3 Million (CAD \$3.8Million) and includes the purchase and delivery of a complete displacement cooking plant consisting of 3 batch digesters, liquor accumulators and various associated specialty process equipment and piping.

Chad Wasilenkoff Chief Executive Officer of Fortress Paper, commented: *"After spending a considerable amount of time assessing and evaluating the equipment, we are very pleased to be able to secure this equipment. This equipment has operated for only 12 years and we are confident of its quality and performance, which should result in a material reduction in our overall capital investment requirements for the conversion to dissolving pulp. We also believe that by acquiring almost an entire batch cooking system, we reduce the process risk for this transformation. At this time it is still too early to determine the impact this new equipment will have on the completion date."*

About Fortress Paper

Fortress Paper is a leading international producer of security and other specialty papers and products. Fortress Paper operates three mills, the Landqart Mill located in Switzerland, the Dresden Mill located in Germany and the Fortress Specialty Cellulose Mill located in Quebec, Canada. Fortress Paper's security papers include banknote, passport and visa papers and its specialty papers include non-woven wallpaper base products, and graphic and technical papers. Fortress Paper's pulp business will include NBHK with the re-start of the Fortress Specialty Cellulose Mill with plans to convert this capacity into dissolving pulp production along with the construction of a biomass based cogeneration plant.

This news release contains certain forward-looking statements that reflect the current views and/or expectations of Fortress Paper with respect to its performance, business and future events, including statements relating to its plans to re-start, convert and build a biomass based cogeneration plant at the Fortress Specialty Cellulose Mill. Forward-looking statements are based on the then-current expectations, beliefs, assumptions, estimates and forecasts about the business and the industry and markets in which the Corporation operates, including assumptions relating to the Corporation's ability to successfully implement its business plan in respect of the Fortress Specialty Cellulose Mill; that the Corporation will be able to receive all required approvals and complete construction of the cogeneration facility; and the expected effects of the cogeneration facility on the business of the Corporation. Forward-looking statements are not guarantees of future performance and involve risks, uncertainties and assumptions which are difficult to predict. Investors are cautioned that all forward-looking statements involve risks and uncertainties including, without limitation, that the Corporation will be unable to implement its business plan in respect of the Fortress Specialty Cellulose Mill as planned or at all; that the Corporation will be unable to receive all necessary approvals to begin construction of the cogeneration facility; and those risks relating to changes in the market, potential downturns in economic conditions, fluctuations in the price and supply of raw materials, foreign exchange fluctuations, labour relations, regulatory requirements, reputation, competition, dependence on major customers, and other risk factors listed from time to time in the Corporation's public filings. These risks, as well as others, could cause actual results and events to vary significantly. Accordingly, readers should not place undue reliance on forward-looking statements and information, which are qualified in their entirety by this cautionary statement. Fortress Paper does not undertake any obligations to release publicly any revisions for updating any voluntary forward-looking statements, except as required by applicable securities law.
